

**Text:**

Louis Pasteur was a French scientist. He was born in 1822. He began his career as a chemist, but turned to biology and medicine. He discovered the anti-rabies vaccine against mad dog. In 1885, Pasteur tried the first vaccine on nine-years old boy successfully. After this wonderful discovery, the healed people gave and sent money. They built The Pasteur Institute in Paris. Pasteur died in 1895.
